Best Quality Leads

REAL TIME, SHORT FORM LEADS

IMAGINE being able to **connect with pre-qualified prospects** *within moments* of them stepping-up to say they're interested in learning more about starting a home business!

What makes these leads so effective is that that when an individual completes the contact form, prior to being redirected to a website, we collect their information in our database. Then, within *One (1) Minute*, we send it to you as a Real Time Short Form Lead.

The fact that these leads are delivered *to you immediately* means they're interested right now! They've just visited a home business website and the information is still fresh in their minds.

This extra attention to detail is what consistently makes our **REAL TIME SHORT FORM LEADS** some of the best performing leads we offer.

REAL TIME, INVESTMENT & TIME QUALIFIED LEADS

These leads cost a little more... and they are worth it!

That's because each of these leads has been interviewed by a member of our verification staff to determine whether they are able and willing to *make a financial investment* of at least \$100... AND they are willing to *commit to at least 5 to 10 hours a week* to work a home business where they can earn \$500 to \$1000 a month.

These pre-qualified prospects are actively seeking a home business and have been primed for you. They're **expecting a phone call** and are prepared to hear what you've got.

At this point, it is **ONLY** a matter of whether they like YOU and the business opportunity you present to them.
